CHEMICALS FOR THE ELECTROMECHANICAL GRAVURE

Order No.	Product	Application / Property
ENGRAVING SLIDING OILS		
With engraving sliding oil a good sliding performance of the sliding shoes and an excellent cutting capability of the burr cutters will be achieved. Styli do not stick and longer life-time of the diamond tools will be increased.		
	A03-0564 Engraving Sliding Oil CIDI XIII/19	Water-soluble sliding agent for engraving
	A03-0572 Engraving Sliding Oil HM	Solvent containing engraving sliding oil which dries fast and without any residue
	A03-0577 Engraving Sliding Oil HM-13/19	Solvent containing engraving sliding oil which dries fast and generates a water-soluble sliding film
	A03-0579 Engraving Sliding Oil HM-E4	Solvent-based oil; Dries quickly and creates a non-stick sliding film
	A03-0580 Engraving Sliding Oil HM-DP	Solvent-based oil; Dries quickly and creates a non-stick sliding film
	B09-0565 Engraving Sliding Oil AR19	Silicone emulsion as sliding oil for diamond styli
GENERAL PRODUCTS FOR THE ELEKTROMECHANICAL GRAVURE		
	A03-0560 Film Cleaner CIDI XIV	Cleaning fluid for scanning cylinders, various films and surfaces with high-grade cleaning performance; fast drying without residues
	B07-0132 Adjustable, blue	For adjusting the engraving tools

CONSUMABLES FOR ENGRAVING

Order No.	Product	Application / Property
SPARE PARTS FOR HELIOKLISCHOGRAPH		
	B01-0148 ff. Suction Nozzles	Straight or bent
	C01-0733 ff. Filter	In various sizes
	On demand Puller for stylus, Stylus setting gauge, Dumping plate for Heliosprint	
DIAMOND TOOLS FOR ENGRAVING		
	A01-0001 ff. Engraving Styli	High quality diamond tools for electromechanical engraving machines
	A01-0011 ff. Burr Cutter	
	A01-0013 ff. Sliding Shoe	
GENERAL PRODUCTS FOR ENGRAVING		
	B07-0155 Stylis Cleaner	Special plastic mass for styli cleaning
	A03-0012 Elder Mark	Natural product for stylus cleaning
	C03-0328 Cleaning Fleece K500/K6	Oil and cleaning fleece for the Helioklischograph K500 or K6; Roll size 97 mm x 60 m
	B04-5000 Polishing Paper, yellow	For removal of venetion effect of cylinders which are treated with Polishmaster
